About Wicket Gaming

Wicket Gaming is a Swedish game development company that was founded in 2015. The Company’s business idea is based on developing and distributing free-to-play games in the sports genre based on proprietary brands. Since the start of operations, the Company has worked on the development of its first title, Cricket Manager, a cricket manager game for mobile devices in which players create and own their own cricket club and compete against other players across the globe. The aim is to create one of the world’s most popular cricket manager games for mobile devices and to use a technical platform to expand the game portfolio to include other sport manager games.
